

ENGLISH

BEFORE USING THE DEVICE, PLEASE READ THE FOLLOWING INSTRUCTIONS COMPLETELY AND CAREFULLY. CORRECT APPLICATION IS VITAL TO THE PROPER FUNCTIONING OF THE DEVICE.

INTENDED USER PROFILE:

The intended user should be a licensed medical professional, the patient or the patient's caregiver. The user should be able to read, understand and be physically capable of performing the directions, warnings and cautions in the information for use.

INTENDED USE/INDICATIONS: The DonJoy UltraSling PRO AB and ER/IR is designed to provide immobilization following Bankart procedures, post-operative rotator cuff repairs, capsular shifts, glenohumeral dislocations/subluxations and soft tissue strains/repairs. Rotator cuff Bankart procedures, Capsular shifts, Glenohumeral dislocation/Subluxation, Soft tissue strains/repairs.

PERFORMANCE CHARACTERISTICS:

Provides immobilization or controlled movement of the limb or body segment.

CONTRAINDICATIONS:

Do not use if you are allergic to any of the materials contained within this product.

WARNINGS AND CAUTIONS:

This product is intended to be used by a healthcare professional. The frequency and duration of use should be determined by your healthcare professional.

ADVERTISING STATEMENTS & PRECAUTIONS:

This product should be used by a healthcare professional and fitted by a professional medical practitioner. The frequency and duration of use should be determined by your healthcare professional.

If pain, swelling, changes in sensation or other unusual reactions occur while using this product, you should stop using the device and contact your healthcare professional immediately.

Do not use over open wounds.

If you are allergic to the skin, the skin should be free from injuries, moisture, oils, creams, gels or similar residues.

Note: Contact manufacturer and competent authority in case of a serious incident arising due to use of this device.

SIZING AND CONFIGURATION:

Arm envelope: To size the arm envelope, measure elbow crease to base of index finger.

MEASUREMENT

ARM SLING SIZE	MEASUREMENT
S/M	10.5" - 15" (26.7 cm - 38.1 cm)
L/XL	15" (38.1 cm +)

The arm envelope is shipped in L/XL configuration. To adjust arm envelope to the S/M size, unbuckle both quick release buckles.

Fold in arm envelope and adhe the strap tail on the base of envelope.

Right to Left configuration: The UltraSling PRO AB is set in a right arm configuration. To adjust the shoulder strap to a left arm configuration, fold in envelope and detach the strap tail from the base of envelope.

Open the quick release buckle on the right side of envelope and attach the strap tail from the base of envelope.

Left to Right configuration: The UltraSling PRO AB is set in a left arm configuration. To adjust the shoulder strap to a right arm configuration, fold in envelope and attach the strap tail from the base of envelope.

Open the quick release buckle on the left side of envelope and attach the strap tail from the base of envelope.

Waist: The UltraSling PRO fits waist sizes 25" - 35" (63.5cm - 100cm). Adjust waist belt and trim as necessary for proper fit.

Waist/hip pillow: The UltraSling PRO can be worn without the pillow. Remove back of waist belt from pillow and adhere y-straps to both sides of the waist strap envelope at the elbow. For front of the waist belt, remove quick-release buckle from pillow and adhere y-straps to arm sling envelope. Trim the waist belt as needed.
